CDS - Foundations of Data Science – Probability and Statistics (Module 1)

Mini-Project - December 08, 2024, 09:00 am to 12:30 pm

Hypothesis Testing

This Mini-Project is a team activity. The Mini-Project has been released in advance i.e. on Nov 21, 2024, to facilitate your preparation for the activity. Each team will work in a separate Zoom breakout room for this activity. Mentor's guidance will be available during the Mini-project activity (December 8, 2024, 09:00 am to 12:30 pm).

This is a graded **Mini-Project (10 points)**. The Problem Statement, Objective, Background, Dataset, and Steps for implementation are provided within the Mini-Project Notebook (Colab). Also, there are reference links given as hints for code implementation within the notebook.

During the Mini-Project session, the mentor can be approached for guidance when there is difficulty in implementing specific steps. However, it is the team's responsibility to work towards the solution in the given time. Your team's solution notebook should be presented to the mentor, latest, between 11:45 am - 12:15 pm on December 08, 2024. The mentor will record the attendance of each team member.
